PRESIDENTS REPORT

On behalf of the Executive Board, I wish you all a belated Happy, Prosperous and Peaceful New Year.

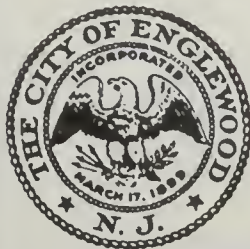

I'm sorry to report that Dennis Tilghman has tendered his resignation as Corresponding-Secretary, due to his increased work and school schedule. Many thanks Dennis, for your able assistance in getting the Society going and the success it is today. William Bernstein has been appointed to the vacancy left by Dennis. Welcome aboard Bill.

The NJES has been honored by being chosen to host the 1982 G.S.N.A. Convention. In hosting this affair, we will need the help and cooperation of the membership. I hope that many of you will respond when the call goes out for volunteers. Details on committees and other needs will be reported in the Journal shortly.

In closing I would like to thank Mr. Victor for his generous and thoughtful contributions to our library.

Best regards,

Al Zaika

Dear Mr. Patterson:

In response to your letter of December 15th, Yes, there is a Plaza Theatre, for the Performing Arts. These tokens were distributed several years ago then they reopened for concerts.

Berth Lewin, 40 Lydecker St., Englewood, N.J. 07631, can give you more information about the rejuvenated theatre, of which we in Englewood are very proud.

Sincerely yours,

Sandy Greenberg

THE GREENTREE I.G.A. CHIPS
by David Gladfelter

Many interesting kinds of exonomia turn up in current use right in your own neighborhood. An example I am familiar with are the chips used as a sales promotion device by the I.G.A. in Marlton, NJ.

Shoppers get a chip with every \$5.00 worth of groceries purchased. They can be saved and used to purchase advertised items at special low prices. The value of the chip varies with the item purchased, but is usually worth 20¢ to 30¢. For example, a recent advertisement offered snack crackers at 40¢ off the regular price with 2 chips, and coca cola 70¢ off the regular price with 2 chips, so in the first case the chip would be worth 20¢ and 35¢ in the second case.

During Thanksgiving week, the store advertised a free 14 pound turkey for 100 chips, making each chip worth about 9¢ at the going price for turkey of 65¢ a pound.

The chips are mavericks, having the letters "I.G.A." or "JM" (for Joe Masacki, the owner) on blue stickers in the center. They are made of red, white, or blue plastic, 37mm in diameter. A complete set would consist of 6 chips, with the two different center letters and three different colors. There is no difference in value among the different varieties.

I have a few extra chips and will send one free to any member who sends me a SASE. Write me at 228 Winding Way, Moorestown, NJ 08057.

SMICK'S CARDBOARD CHECK

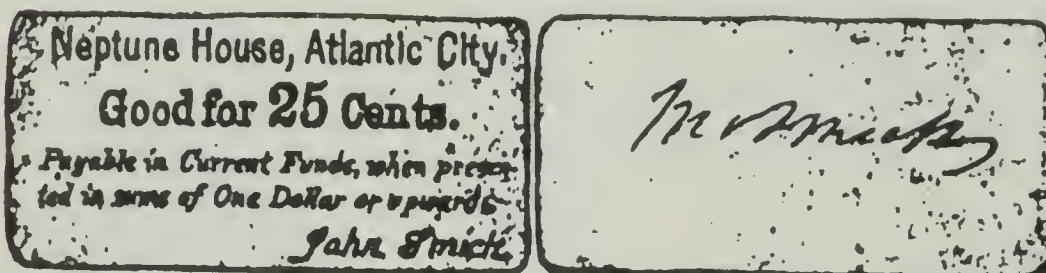

by Dave Gladfelter

In his prize-winning Civil War token exhibit at the 1971 A.N.A. Convention, C.W.T.S. member Herb Romerstein displayed a cardboard check issued by John Smick, operator of Neptune House, Atlantic City. The cardboard check, illustrated here, doubtless preceded the issuance of Smick's Civil War storecard, N. J. 20-A, dated 1863. It probably was issued some time in 1862.

Obverse — Neptune House, Atlantic City./Good for 25 Cents./ Payable in Current Funds, when presen-/ted in sums of One Dollar or upwards./John Smick.

Reverse — Jno. Smick (signature). (Note — Jno. was the abbreviation for John, commonly used in those days.)

Dimensions — 62mm by 31mm.

The check is doubtless of the highest rarity, possible unique, as most of the cardboard checks of this type were destroyed by the issuing merchants when redeemed, so they could not be presented for redemption a second time. It is unusual in that most of the cardboard checks of the Civil War period that have survived to this day are for smaller denominations, such as 1¢, 2¢, 5¢.

These checks are certainly a valid part of any Civil War token collection, as they were the immediate predecessors of Civil War tokens and were used as emergency money due to the hoarding of coins, along with such devices as encased postage stamps and fractional paper currency. They are mentioned briefly in the introduction to George and Melvin Fuld's Patriotic Civil War Tokens.

C. Albert Jacob, Jr., in his article "Cardboard Money of the Civil War," The Numismatist, December, 1937, gives a good summary of the events leading to suspension of specie payments in September, 1861 and the subsequent hoarding of metallic currency. These circumstances, of course, resulted in the issuance and use of Civil War Tokens, as well as the encased postage stamps, and the cardboard checks. "The rarest today," Jacob wrote, "though probably used quite widely at that time, were the small cardboard store cards, issued in small denominations and printed on cardboard."

Editor note: I'm working on a speaker(s) for our annual meeting in Cherry Hill. Jeff Thompson (now a member of NJES) has an outstanding collection of memorabilia from the Civil War. If our date doesn't conflict with Jeff's schedule we will see and hear a very interesting talk on the Civil War.

Dear Mr. Patterson:

Your letter of December 27, 1980 has reached my desk for handling.

Our Area Manager has determined that these wooden nickels were given out to gasoline customers at the island, if they purchased gasoline. The coin was used to get a 50¢ reduction on an oil change. The station was located at Lalor Street & Deutz Avenue, Trenton, New Jersey and the dealer at the time of this giveaway was Frank Pritrowski. The station is still a Sunoco station and is operated by Ward Breidenback at this time. Mr. Breidenback worked at this same station years back and has placed the date of the giveaway as about fifteen years ago.

We hope we have been of some help to you in your research.

Sincerely,

M. J. Haley

SPECIAL BULLETIN

A Trustee of the WASHINGTON ASSOCIATION of NEW JERSEY has contacted member Harold Flartey to see if he knew where the association could dispose of 100 Washington Medals they had prepared for their membership in 1974.

They have never been offered to the public. The medal was struck by the Medallie Art Company and are individually boxed.

Obv. has the Houdon bust facing left and the inscription -
"George Washington" 1732-1799.

Rev. has the Ford Mansion, Washington's Headquarters in Morristown and the dates 1874-1974, around the top is "Washington Association" and at the bottom "Of New Jersey".

A price of \$5.95 postpaid has been agreed upon. If you would like to get one please write to Harold at P.O.Box 67 Wharton, NJ 07885.

Editor's note: I have in my collection 3 Lapel Pins (made by the Whitehead & Hoag Co.) from this association dated 1913, 14 & 15. Maybe Harold can find out how old this association is plus some information on it for us.

Dear Mr. Patterson:

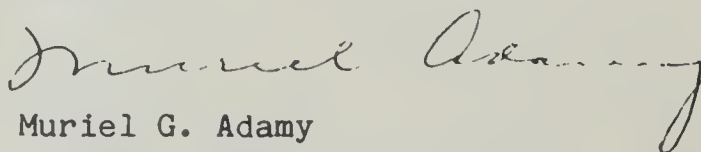

In response to your letter, we've been doing some inquiring regarding a "silver dollar" bread. According to our president, who has been with our company many, many years, it was WONDER Bread that had a "silver dollar" promotion back in the '30's.

We had a group of young people dressed in red shirts carrying a pouch of silver dollars with them. They would select different areas of a city, randomly go up to homes and knock on the door. If the occupant was able to produce a WONDER Bread wrapper when requested, they would give the owner or the resident a silver dollar.

It's possible that some bakeries may have picked up on the promotion using tokens instead of silver dollars.

In any event, it was undoubtedly WONDER Bread (which is still the #1 bread). We are not aware of a brand name "Silver Dollar."

Sincerely,

Muriel G. Adamy

NEW JERSEY CIVIL WAR TOKEN
by David Gladfelter

CHARLES KOLB - NEWARK, NJ
Card: 555-B, 6 Varieties.

Several Charles Kolbs appear in the Newark directories, complicating research.

One Charles Kolb did operate a restaurant at 102 Market St. from 1857 to 1861, and was proprietor of the Union Hotel at that same address from 1862 to 1864. In the 1874 to 1881 directories there is also a hotel & restaurant listing for a Charles Kolb but at a different address, 166-168 Market Street. At least the meager directory listings confirm the token as being from Newark, since no city appears on it.

Punchlinks to other signed tokens suggest that this piece was struck by Emil Sigel.

Three Boxes of Material is now in the hands of the Librarian. We will keep you posted as what is available. A BIG "THANK YOU" to those that sent in books.

Jerry Zara needs articals for the GSNA Program - if you have a favorite token or item write something up on it and send it to Jerry. The Theme of the convention this year is "WASHINGTON" (George).

PRESIDENTS REPORT

Registration Chairman Rocco DiGiacomo informed me that the response to our call for registration volunteers for the G.S.N.A. Convention has been very poor, with just two members responding.

We are faced with many hours of registering the public and will need all the help we can muster. If you plan on attending the Convention and can spare a few hours at the registration table, please contact Rocco, giving date, time of day and number of hours you can provide. Your cooperation in this request will make the whole task a lot easier and will be greatly appreciated. Thank you and hope to see many of you at Cherry Hill.

Best regards,

Al Zaika

MEETING NOTICE

Our Annual Meeting will take place on Saturday, June 26th, 2:30 in the MARGATE ROOM. Bring your dupes if you wish to sell or trade.

A SUCCESSFUL NUMISMATIST MUST LEARN TO SHARE AND DEPEND ON OTHERS. "NO ONE PERSON CAN DO IT ALONE".

These are the words of William S. Dewey, a former curator of the ANA, and author of many articles in the Numismatist, who will be our guest speaker at our meeting.

Bill will talk and show items from his favorite numismatic project Adm. George E. Dewey (Regared as the most complete collection in the country).

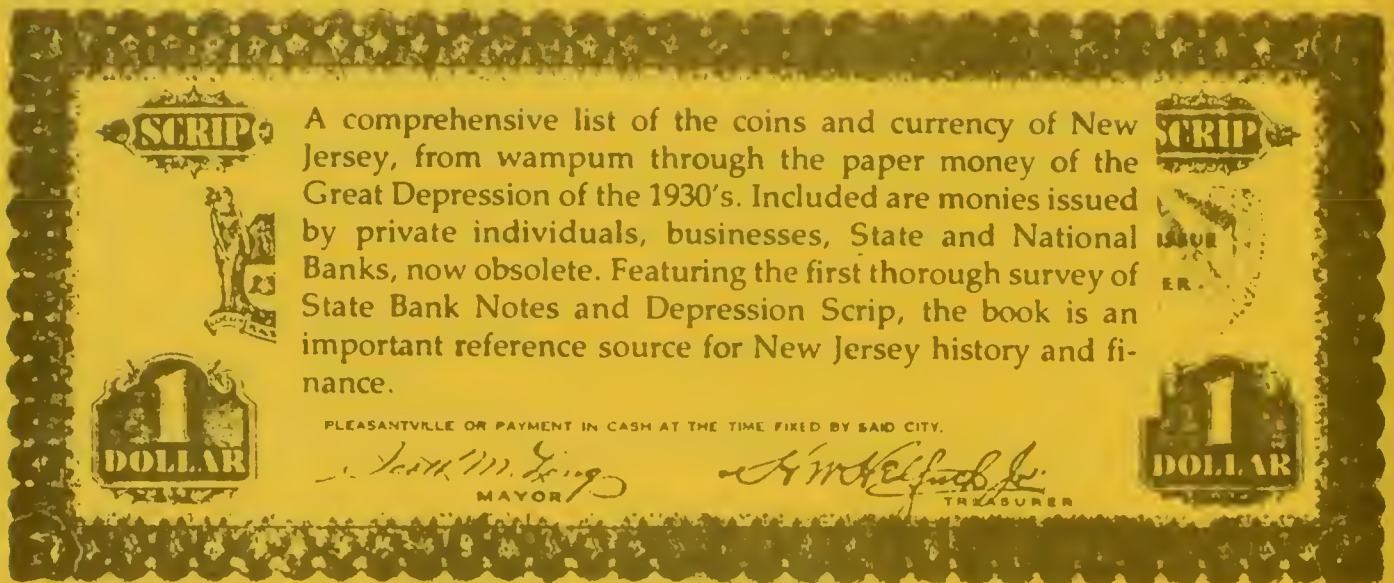

Editor's note: Bill has been the most influential man to me in this great hobbie of ours. You are in for a great treat - Don't miss him.

NEW JERSEY'S MONEY

by George W. Wait

Editor, Dorothy Budd Bartle, Curator
of the Newark Museum Coin Collection.

Produced by The Newark Museum with the cooperation of
the Society of Paper Money Collectors and support from the
National Endowment for the Arts.

434 pages; 460 illustrations; hard cover. 11 1/4 x 8 3/4" x 1 1/4".

Price: \$17.50.

\$14.00 to Members of the Newark Museum and of the
Society of Paper Money Collectors.
plus \$1.00 mailing charge.

SPECIAL TO NJES MEMBERS ! The Newark Museum will give NJES a 40% discount (\$11.50 ea.) if we order 10 or more copies. However, all books must be sent to one address.

Since our officers & members frequently get together at shows & coin club meetings, we could have the books sent to the Editor and would get them to you.

If you would like to order one or more of these books, please send a check for \$11.50 ea. made out to NJES. Send your order to the Editor. We will have a cutoff date of July 1, 1982. If we do not receive 10 orders, your check will be refunded.

The book is really an excellent buy even at the regular price. It is a must for paper money & scrip collectors of N.J. issued.

PLEASANTVILLE DEPRESSION SCRIP VARIETIES

by David Gladfelter

The best listing of New Jersey Depression Scrip to my knowledge is in George W. Wait's book, "New Jersey's Money" (Newark, The Newark Museum, 1976). A total of 174 different varieties are listed and eight are illustrated.

Four of the varieties, Nos. 143, 144, 145 and 145A, are issues of the City of Pleasantville, Atlantic County. The first two are 25¢ varieties, the third 50¢ and the last \$1.

I have a three-piece set of the different varieties but they are not the same as the varieties listed by Wait.

They are as follows:

25¢ -- like Wait 143 but issue of Oct. 15, 1934.

Signatures: Charles V. Jackson, Mayor,

H.W. Helfrich, Jr., Treasurer. (Signed on plate)

50¢ -- like Wait 145 but undated specimen and no 1935 at left.

Signatures, as above.

\$1 -- like Wait 145A but signatures are:

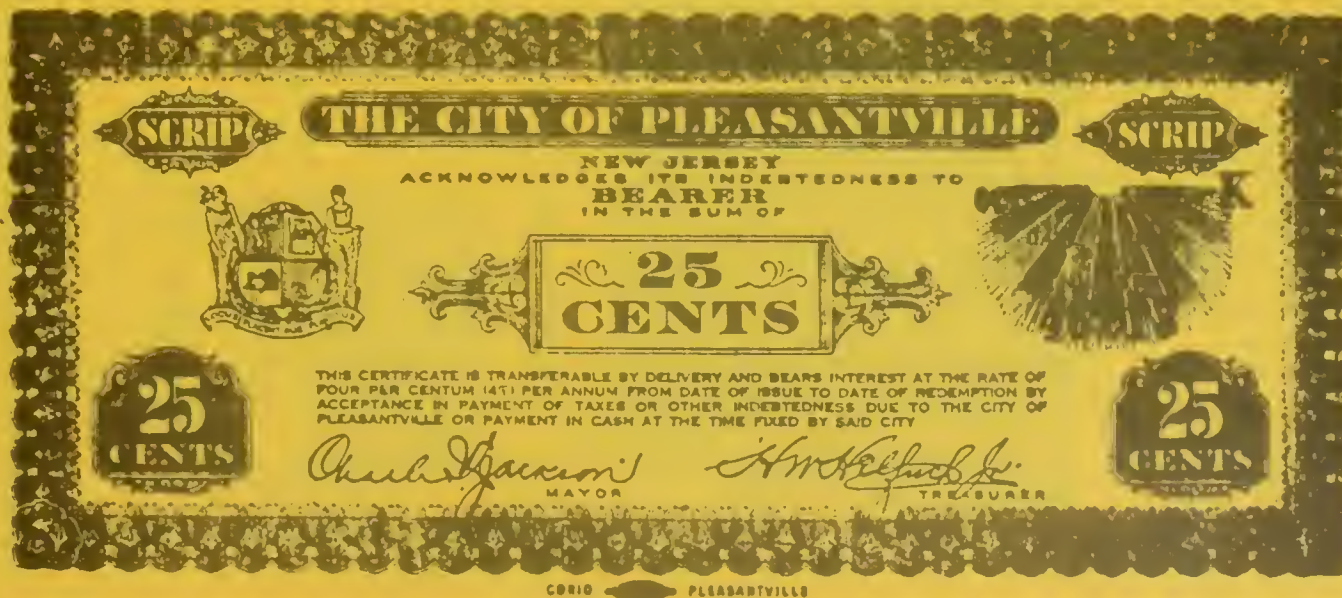

Scott M. Long, Mayor,

H.W. Helfrich, Jr., Treasurer.

Does anyone know when Jackson and Long were mayor of Pleasantville ?

If so, we could date the different plate varieties of this scrip issue.

Editor's note: Dave, I wrote to the City of Pleasantville for information on a tag I had in my collection (Issue No. 5 page 34). They were very helpful.

The DUN & BRADSTREET Directories have always been a great help in researching a token (if you are lucky enough to find one). I was told that all directories had to be turned in to them before they would issue you the new one for the following year. This could very well be the reason for their scarcity. However, recently a few state sections have come on the market. These directories listed every bussiness by state and were issued each year.

I picked up the N.J. DUN & CO. section of 1915 & 1919 and didn't know what the alphabetical number stood for after the company's name. I later purchased a paper weight made by the Whitehead & Hoag Co. for THE OCEAN ACCIDENT & GUARANTEE CORPN, LTD. of LONDON which had the ratings on it. (The W&H Co. had a A+ rating in 1915 & 19).

The above chart should help those that have only a state section to determine how wealthy the company was that had issued a token (if you are doing research on the token).

In the last issue Harold Flartey offered George Washington medals to the membership at \$5.95 pp.

I had asked Harold to get us some information on the WASHINGTON ASSO['] OF N.J. who had issued the medals.

Harold will have these at the G.S.N.A. Convention incase you missed out on them. The price will be \$5 ea. with \$1 going to NJES.

The Washington Association of New Jersey started in 1874 when four men bought the Ford Mansion in Morristown, N.J. They sold Certificates for \$100 each to members of the Association which is still active after a century with members all over the world. The "Washington Headquarters" building which served the General in the winter of 1779-80 was turned over to the National Park Service in 1933. In 1974 the Association issued this medal for sale to members only, in celebration of the centennial of the organization.

This Token is believed to come from the HIGH POINT MONUMENT STATE PARK in Sussex County, NJ. It is 26mm Brass. Obv. & Rev. is the same.

Maybe some of our North Jersey members can check it out for us. I wrote but received no answer from the park.

50-50

Enclosed in this journal you will find a ticket for our 50-50 drawing that will be held at our annual meeting in Cherry Hill.

Additional tickets are available by requesting them. Each ticket is only \$1.00

WINNER NEED NOT BE PRESENT - BUT you must write your name & address on the ticket stub and return it with your \$1. to Jerry our Treasurer.

Enclosed is your elongated cent. It was designed by Jack Wilcox. We would like to "THANK" Jack for his time & effort to the club. We hope you like it.

A total of 350 were struck with each member receiving one. Five will remain with the club. The remaining ones will be sold at \$1. each plus a SASE. Send your orders to the Editor.

Dupes will be offered to the membership first.

Let us know what you would like next year - Wooden Nickel, Token, (Plastic) - elongated, etc.

I notice many collectors of Exonumia have postcards in their collections. Some are from a token or medal issue showing the business, others are just old scenes from the area in which the collector lives.

I have noticed that in some cases the cards with a business advertisement cost slightly more than others. With inflation upon us, I figure this one from Cliffwood Beach (Dated 1949) would be an appropriate one to show and bring back memories of bygone days.

NEWS RELEASE

\*\*\*\*\*

The Third Annual National Collectibles Exposition was held March 13 & 14 at the Ramada O'Hare Inn in Des Plaines, Ill. A long line of avid collectors formed early on Saturday, with well over 1400 people attending both days, plus 200 exhibitors.

A wide variety of material was offered, with Antique Advertising items Political Americana, Tokens & Medals, World's Fair material, pinball & slot machines, Baseball cards, Plates, checks, military items, stocks & bonds and other paper items.

The representation of tokens & medal dealers was excellent, establishing the NCE as the largest and finest exnumia show in the county.

The Summer National Collectibles Exposition will be held in Boston, MA on August 14 & 15. The show will be held the weekend prior to the opening of the ANA convention.

There are 128 booths at the summer show plus three public auctions are scheduled. Collectors and exhibitors wishing further information should contact NJES member Rich Hartzog at P.O. Box 4143 Rockford, IL zip code 61110

### PRESIDENTS REPORT

\*\*\*\*\*

It was very gratifying to see so many of you at our Annual Meeting in Cherry Hill. This was the best turn-out yet, with close to 50 members present. Trust you all enjoyed the occasion as much as I did.

A million thanks to Bill Dewey, not only for his delightful and enlightening talk on the subject of Admiral Dewey tokens and medals, but also for the opportunity to view so many seldom-seen items he displayed. "Good Show", Bill.

In closing, I would like to express my gratitude to all who gave of their time and effort in helping out with registration and related duties. Your cooperation in this matter made the task so much easier.

Best wishes for a safe and enjoyable summer and good hunting.

CONVENTION & ANNUAL MEETING REPORT

Member JOE (Mr. "1909") LOWANDE of North Plainfield, NJ received the Krause Publications Numismatic Ambassador Award for his contribution to the hobby. Joe specializes in material dated 1909, the year of his birth.

Member ARCHIE BLACK had a wooden nickel (dollar size) made up and passed out one to all who attended our meeting. AL ZAIKA and JERRY ZARA had plastic tokens for everyone also.

Archie's daughter NANCY BLACK designed the G.S.N.A. 1982 convention medal (see front page). A few remain at \$5.00 P.P. from G.S.N.A. P.O. Box 248, Brick, NJ 08723

Members DENNIS & DOUGLES TILGHMAN walked away with 6 awards in the Photo & Exhibits contest. New Egypt & N.J.E.S. can be proud of these two young hard working boys.

The second year in a row G.S.N.A. issued a wooden flat for everyone in attendance at their Educational Forum.

At the Breakfast Awards your Editor picked up two beautiful Plaques from G.S.N.A.. One was for being the CLUB HOST for the convention and the other for becoming LIFEMEMBER CLUB No. # 3. These will be at our meeting at the Ocean County Coin Club Show in Sept. for all to see.

I'm sure everyone enjoyed Bill Dewey's talk on "Admiral Dewey" as we had standing room only at the meeting. I want to "THANK" Bill for helping us have this fine turnout.

I also would like to "THANK" Jerry Zara for putting out a SUPER CONVENTION PROGRAM. It's already a collector's item as all issues are gone. NJES can be very proud of it. Our club will benefit greatly from it.

I'm sure I missed some items in this report and left out some names. I enjoyed meeting some new members and seeing some old ones. It was a good convention & annual meeting. I hope everyone enjoyed it as much as I did. We must get together more often.

An interesting fact about 1804 cent is that the fake 1 was made about 1860 by some employees in the U.S. mint. rusty dies and different reverse used for the job make the strike easily distinguishable from the original. ### PRESIDENTS REPORT

\*\*\*\*\*

With summer at an end, we can now get back to our collections and neglected, hobby correspondence. Since most of our activities are conducted via mail, we should strive to answer our mail promptly and courteously. Some of our members have expressed anger for not receiving replies to their letters, in answer to a want ad, common courtesy calls for a reply. On the other hand, a letter of inquiry, or request for wanted items should contain a self addressed, stamped envelope.

I spent three days browsing through the ANA Convention bourse and found that token prices have risen considerably. There were some bargains available, as I was able to purchase some nice material in the 1 to 2 dollar range. New Jersey tokens were scarce though, my total acquisition of these was just three pieces. Trust that some of you who also were there had better luck.

Best wishes for a pleasant fall season and good hunting.

Sincerely  
*Al Zaika*  
Al Zaika

INFLATION is hitting everyone and NJES is not immune to it either. Collectors are cutting back on the amount of clubs that they belong to and no one can blame them. We hope you feel NJES is worth the \$5 dues, and we APPRECIATE YOUR support. However, if you haven't paid your 82-83 dues (PLEASE! check your membership card), this will be your last issue of the JERSEYana.

Our dues runs from August to August. \$5 for Regular, Associate is \$2 Junior is \$3 and LIFE Membership is \$50 - payable in one year. If you signed up in the middle of the year your dues is only \$2.50 - If in doubt - please check with our Sec't/Treasurer Jerry Zara at P.O. Box 248 Brick, NJ 08723. Make all dues checks payable to NJES and mail it to Jerry now - before you forget.

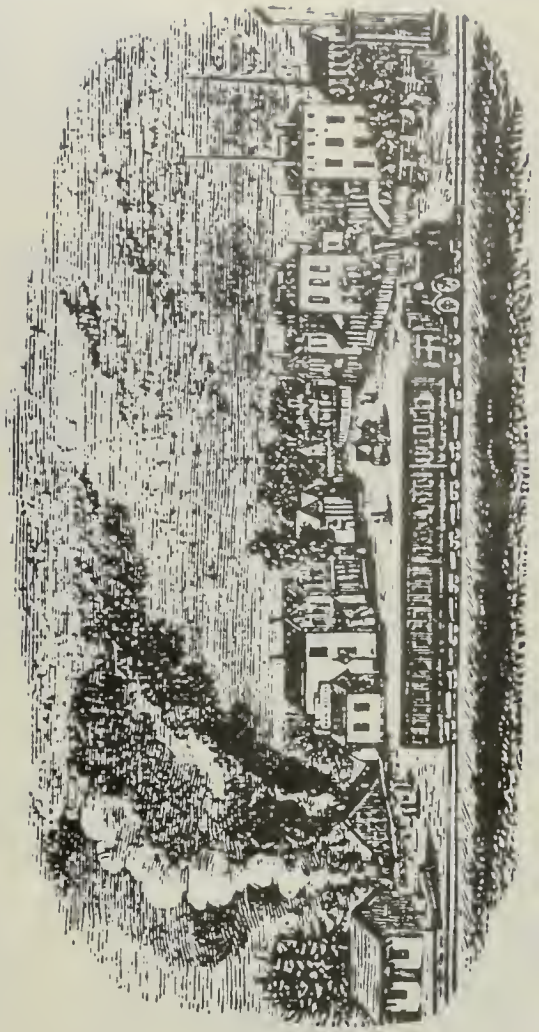

## BERGEN MONEY

By DAMON G. DOUGLAS, Caldwell, New Jersey

(Paper read before the Bronx Coin Club, March 23, 1943.)

The bog lands of our State of New Jersey have left their numismatic monuments of a century ago in the form of what was then often referred to as "bog money." The employers of the bog workers in the glass works and in the production of iron from the bog ores frequently found an extra profit and a convenience in setting up company stores to supply the needs of their workmen. To make sure that these stores would receive the full patronage of the help and also to eliminate the necessity of tying up real capital for payroll purposes, the practice was widely followed of paying off in privately struck company money, redeemable in goods at the company store. These pieces of private coinage were dubbed variously by their recipients as "bog money," "shinnies" (possibly a combination of shillings and pennies), and in the case of the subject of these remarks, "Bergen money," named for its issuer, the Bergen Iron Works and its store.

In the early 1800's, on the site of the present community of Lakewood, New Jersey, a furnace stack was erected for the reduction of the local bog iron, and dwellings were built to house the working crew. Here cannon balls were cast to supply our forces in the war with Britain in 1812. In 1831, a Mr. J. W. Brick purchased the property and expanded the works for the manufacture of water pipe. The process required upwards of 400,000 bushels of charcoal annually, which was obtained from the surrounding timber lands. However by 1857 both the ore beds and the convenient charcoal timber were nearing exhaustion. Also it was found that iron ores discovered further north in the state could be more economically worked. At this time the furnace operation was discontinued but the manufacturing processes were expanded, shipping in the necessary pig iron. The accompanying wood cut illustration was printed in 1868. It shows part of the buildings of the Bergen Iron Works as they appeared at that time as the central point of the village of Bricksburg, in the township of Brick, both named for the original proprietor. The development of the iron industry close to the coal fields in Pennsyl-

CENTRAL PART OF BRICKSBURG, NEW JERSEY  
(FROM AN OLD WOODCUT)

vania contributed to the ultimate closing of the works at Bricksburg. The region's real climatic advantages began to attract visitors and, feeling that a more euphonious name might accelerate the growing resort business, the village fathers adopted for their community its present name of Lakewood.

The "Bergen money" that survives was struck from one reverse and two similar obverse dies, and in copper and brass, making four varieties, numbered by Lyman H. Low, Nos. 142, 143, 144 and 180. On the obverse appears a standing eagle with wings spread, over which is BERGEN IRON WORKS, and below STORE; the reverse bears conventionalized clasped hands, radiate, with BONAE FIDEI SIGNUM over, and 1840 below.

In 1920 when the late Mr. Edgar H. Adams published his able listing of United States Store Cards, he attributed these to the town of Belleville, Newark's neighbor to the north, giving three varieties as N. J. Nos. 1, 2 and 3. Later, Mr. Wayne Raymond, in his "Standard Catalogue of United States Coins and Tokens," followed Mr. Adams' lead and still leaves them assigned to Belleville. The true story is quite convincing as built up in the following references: "Historical Collections of New Jersey," J. W. Barber, New Haven, 1868. "More Forgotten Towns," Henry C. Beck, E. P. Dutton & Co. Proceedings, N. J. Historical Society, January, 1896. As a "BONAE FIDEI SIGNUM," Mr. Raymond in his forthcoming revision will, I hope, see fit to restore the "Bergen Money" to the place of its original issue and use: Bricksburg; or, as it is called today, Lakewood.

Archie Black thumbing through back issues of the "NUMISMATIST" looking for information on ANA convention badges found the "BERGEN MONEY" article. I have the map plus a letter signed by J.W. BRICK send to the BERGEN IRON WORKS dated 1840.

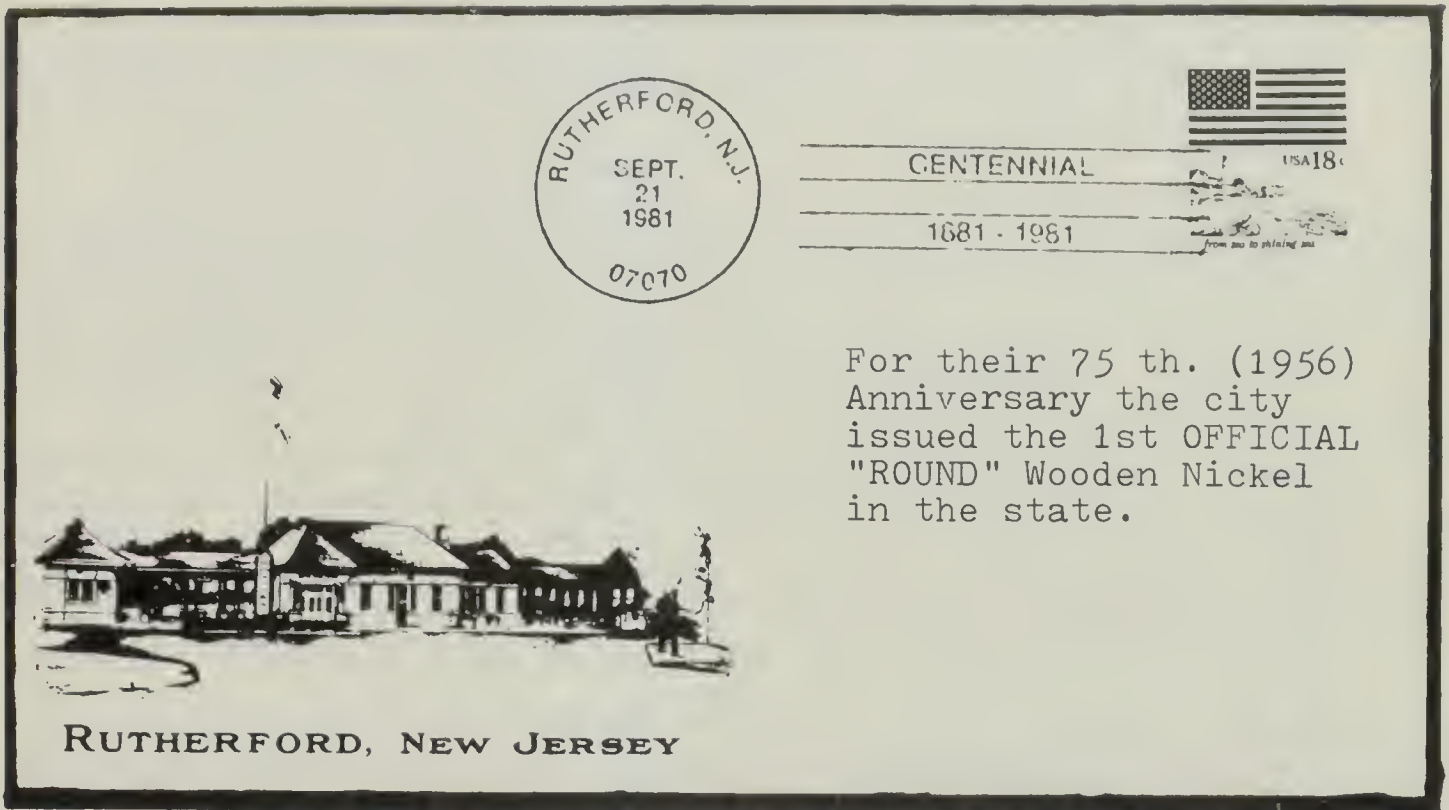

I found these notes plus the check at a local flea market and noted the following information in "NEW JERSEY'S MONEY" book by George W. Wait. (page 223)

- Most business college notes were not generally circulated. Some were payable in tuition or other college purposes, but most were used as practice money in banking and bookkeeping courses.

# A PROGRESS REPORT

NJES is now a club member of THE TOKEN AND MEDAL SOCIETY (T.A.M.S.)

\*\*\*\*\*

You will find one page of NJES membership roster in with your newsletter (starting with LIFE & CHARTER members). If you failed to list your collecting interests but wish to do it now - please send them to the editor. Another group will be listed in the next issue.

\*\*\*\*\*

NJES BY-LAWS limit your officers to a two year term (Except for the editor who is appointed by the president). All officers term ends in June of 1983. If you are interested or know of someone who would make a good officer - PLEASE ! let your President know and he will contact them. NO JOB IS REALLY THAT HARD !

\*\*\*\*\*

A request has been made to list all personal tokens, medals, elongated wooden nickels, etc. of NJES members. We will start with the next issue. The only stipulation is that the item must show in some way that you are a member such as the NJES Logo or your membership number. All items sent to the editor for listing will become the sole property of NJES. If any member would like to run the listing - please let the editor know.

If you send any in for listing - please let us know the year it was issued as they will be listed by the year and assigned a number.

## PRESIDENTS REPORT

\*\*\*\*\*

I'm proud to announce that the N.J.E.S. will hold its first Buy, Sell & Trade session on Nov. 28, 1982 at Dunellen, NJ. Details and directions are shown on a separate page. Everyone is welcome to bring their duplicates to sell, or trade, but most important of all, "BRING YOURSELF".

We would like to see many of our members who haven't attended any of our past meetings. Please come and get acquainted with your fellow collector.

At the expiration of the present terms of the office of President and Sec't/Treasurer, these offices will be open for election. I urge you all to consider running for one of these offices. I'm sure many of you have some new concepts and innovations to improve the Society and this will allow you to impliment them.

Best regards

If you will check the bottom of the WERNER'S blotter you will see it would tie in with Parking tokens.

You can tell roughly the period they were issued by checking the telephone number on them (if there is one) The blotter from Long Branch has a phone number of 262 making it much older than the other two.

### PINE TREE INN, LAKEHURST, NEW JERSEY

*The Inn in the Pines*

Opens Early in October, Closes about the Middle of May

A HOME-LIKE fall, winter and early spring resort in the heart of the great, sandy pine belt of the state, with its mild, dry and bracing climate, only seventy miles south of New York via the Central R.R. of N. J. The Inn has been built especially for winter, being heated by steam and lighted by electricity. An unusually large amount of space has been given to the public rooms.

Illustrated booklet and further information given on request.

Also Ontio, Unadilla, N. Y. and Monomnock Inn, Caldwell, N. J.

ALBERT A. LEROY, Proprietor

You won't find this old Inn in Lakehurst. A school now sits on the site. NJ has lost more than its share of these beautiful old buildings. No tokens are known to be issued from the Inn.

Communion token issued to commemorate the 250th anniversary of the Presbyterian Church at Shrewsbury, N.J., designed by Leonard and Sarah Dunikoski.

## Token honors church's 250th anniversary

Communion token specialists Leonard and Sarah Dunikoski have released their commemorative communion token marking the 250th anniversary of the Presbyterian Church at Shrewsbury, N.J.

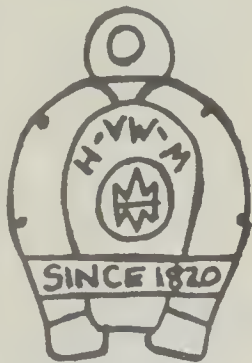

A limited number of the nickel-silver and antiqued nickel-silver tokens are available for \$12.50 each, postpaid, from the Dunikoskis at P.O. Box 122, Little Silver, N.J. 07739. Checks should be made payable to the Presbyterian Church at Shrewsbury.

The obverse features the oldest corporate seal of any American Presbyterian church, used by Shrewsbury and three other churches—Alentown, Cranbury and Freehold—which formed the Presbyterian Church of Monmouth County in the province of New Jersey. It dates back to a royal charter issued in 1749 and is thought to depict a burning bush symbolizing the indestructible nature of the church. RELIGIOUS LIBERTY recalls the sentiments of early Monmouth County settlers fleeing persecution in their native Scotland.

The reverse design begins with the communion table and verse from scripture. This is enclosed in a circle, a symbol of completeness. An early Co-

venanter communion token provided the legend at the bottom, I AM THE VINE, YE ARE THE BRANCHES.

A total of 250 nickel-silver and 250 antiqued nickel-silver were produced and are available for sale. A total of 30, unavailable to the public, were made in sterling silver.

## THE NEW JERSEY EXONUMIA SOCIETY

### TOKEN HONORS CHURCH'S 250th ANNIVERSARY

There are perhaps one or two dozen serious collectors of communion tokens in this country, and one of them is NJES member Leonard Dunikoski. Dr. and Mrs. Dunikoski recently designed the token shown in the article on the preceding page.

Since many collectors are unfamiliar with communion tokens, I asked Len to fill NJES members in with a brief historical overview on them.

#### COMMUNION TOKENS by Leonard Dunikoski

From the sixteenth to the nineteenth centuries, Presbyterians used communion tokens to restrict the sacrament of the Lord's Supper to those members known to be worthy to receive it. The elders or ministers would hold a preparatory service on Friday or Saturday to dispense tokens (or "tickets", since they served as tickets of admission to the Lord's Supper). At the Sunday service, communion was served at tables with an elder stationed at each table to collect the tokens and to insure that no one was seated without one.

Most tokens were made of lead or a mixture of lead and tin. The early specimens were very crude and were often made from molds made of wood, stone or metal. They came in whatever shape the church would choose.

A church sometimes changed the design of its tokens when a new minister was installed, often melting the old tokens to use for the new ones. Churches which could not afford to make their own distinctive tokens often used "stock" tokens with a burning bush or the letters "RPC" (Reformed Presbyterian Church), "AC" (Associated Church), "UPC" (United Presbyterian Church) etc.

If you think you have a communion token or want to learn more about them - Drop a line to

MEMBERS OF  
THE NEW JERSEY EXONUMIA SOCIETY  
MEET KAREN L. ROSE of TAMPA, FL. (NJES # R-151)

Past President and now Sec't/Treas. of INTERNATIONAL  
SOCIETY OF ANIMAL LICENSE COLLECTORS (ISALC).

Her mania began in 1975 when she found a 1929 Newaygo County, MI.  
dog license tag at a local flea market. In 7 years her collection  
has grown to over 10,000 tags & certificates. Tags from 36 countries  
and 120 military bases around the world forms the bulk of her  
collection.

Karen is particularly interested in tags from D.C., Chicago, Baltimore  
and Indianapolis because she has found the most unique tags, medallions  
like, from these areas of older vintage. She is attempting to get one  
tag of each year from these cities and, remarkably, is well on her  
way to accomplishing her goal.

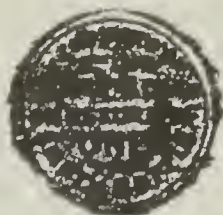

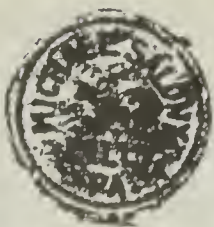

In her research on the tags Karen has found some very interesting ones.  
There is every imaginable geometric design, figurals like butterfly,  
dog's head and houses, fans, trains etc. They are made of a number of  
metals as well, brass and aluminum being the most popular. There is  
one tag from Mexico made of pliable rubber.

Besides dog tags there are horse tags, turtle (stickers) and in other  
countries there are mule, goat, and camel tags. Karen has been  
obsessed with obtaining a camel tag but this has eluded her to date.

If you're interested in learning more about this hobby or care to  
join the ISALC, please write to Karen at 4420 Wisconsin Ave.  
Tampa, Fl. 33616

NOTE: The oldest known U.S. tag in a collection is dated 1866 from  
Cincinnati, Ohio while the oldest foreign tag in a collection  
is a 1799 Amsterdam. Lets see what the oldest one we can  
find for New Jersey ??????????????????????
